How BIC can help you / How You can help BIC

- **BIC can help you to learn more about the potential for collaboration in FP7 and beyond**
  - **Note: call 8 deadline is Jan. 17th 2011**
- **BIC can provide a window into the Trust and Security research communities in Europe (and beyond)**
- **BIC can help you map and match your research interests to other countries communities**
- **BIC can facilitate networking activities for trust and security researchers**
- **BIC can enable your voices to be heard to the wider trust and security community.**

- **You can participate in the BIC working groups formation**
- **You can provide feedback to the work already done and the structuring of BIC future work**
- **You can provide BIC with information about how the funding mechanisms work in the trust and security research areas that you are already engaged and how they approach international cooperation**
- **You can participate to our events raising their impacts.**
