BIC: Building International Co-operation for Trustworthy ICT

Project Core objectives

- Identify global trust and security challenges of mutual interest and benefit;
- Facilitate collaboration channels to enable:
 - Proactive development of funding calls;
 - people/partner/funding orgs. linkages;
 - guidance on developing sustained longer-term global collaborations.
- Prioritisation of the visions and research directions amongst the countries, moving towards alignment of work programmes.

BIC Operational approach

- Networking activities including workshops and visitations
- Set up Working Groups (WGs)
 - develop a deeper understanding of important themes and topics that require international cooperation;
 - strengthen the EU's international collaborations in the Trust, Security & Privacy areas.
- The three working groups established are the following:
 - WG1. Human oriented /citizen trust, privacy and security, which will focus on topics related to a multi-disciplinary approach for international cooperation amongst all stakeholders;
 - WG2. Network Information security / Cyber security, which will focus on topics related to the need for international cooperation for enabling the protection of networks and systems;
 - WG3. Programme /funding focus/ identify community, which will focus on the requirements, processes, mechanisms, obstacles and solutions to enable collaboration opportunities.

BIC Strategic approach

- **Contacts are made with the programme management / funding organizations**
- **Focus on long term influence and impact on shaping EU – International planning in Trustworthy ICT.**
- **International Advisory Group (IAG), consisting of government and research members from the BIC countries and beyond, whose role would consist of:**
 - **To help facilitate collaborations between the European Commission and other national Cyber security and related Trustworthy ICT constituencies;**
 - **To review the situation on International collaboration strategy in Trustworthy ICT on a regular basis with advising, review and recommendations feedback to BIC and the European Commission;**
 - **To assist BIC to build relationships and linkages and facilitate contacts for Working groups, theme based workshops or other networking events in their respective countries.**

Purpose of BIC session

- **Bring together like minded researchers engaged interested and/or already involved in international cooperation RTD projects;**
- **Summarise the findings of the BIC project year 1;**
- **Presentations of different perspectives from the research community on:**
 - **topics requiring international cooperation (INCO)**
 - **mutual benefits perceived**
 - **what are the main obstacles**
 - **supports required to enable INCO.**
- **Discussions/audience feedbacks.**
- **Announcement of upcoming events.**

BIC session agenda

- **BIC summary of year 1 – Prof. Michel Riguidel, ENST, FR**
- **Spot presentations on topics requiring international coop.**
 - Prof. Katrin Franke, Norwegian Information Security Laboratory
 - Mr. Nick Wainwright, HP Labs
 - Mr. Thomas Ruddy, University of Zurich
 - Others.....
- **Audience discussions/feedbacks**
- **Wrap up**

BIC session agenda

- **BIC summary of year 1 – Prof. Michel Riguidel, ENST, FR**
- **Spot presentations on topics requiring international coop.**
 - Prof. Katrin Franke, Norwegian Information Security Laboratory
 - Mr. Nick Wainwright, HP Labs
 - Mr. Thomas Ruddy, University of Zurich
 - Others.....
- **Audience discussions/feedbacks**
- **Wrap up**
